Summary — I am studying for a Bachelor's Degree in Computer Science at Bina Nusantara University and currently doing study abroad at Korea University taking computer science and business courses. I enjoy tackling complex problems, highly dedicated, and work well in a team environment.

Skills

Languages C, C++, Java, Python, R
Software & IDE R Studio, Radiant, Git, Eclipse, VSCode, CodeBlocks

Front-end HTML, CSS
Back-end JavaScript, PHP
Database SQL Server (SSMS), MySQL

Experience

BNCC Bootcamp Instructor

2024 – 2025

C Programming Bootcamp, Bina Nusantara Computer Club

- Taught C programming fundamentals
- Guided students through algorithmic problem-solving exercises also improve logical thinking, debugging skills, and coding efficiency

Competitive Programming Member

2024 – 2026

BINUS Competitive Programming Club — Jollybee

- Participated in ICPC, INC, and multiple national competition such as COMPFEST, Arkavidia, and more
- Engaged in regular training and contest with Jollybee members to solve complex competitive programming problems

Student Mentor

2024 – 2026

Student Advisory Service Center (SASC), BINUS University

- Mentored students on academic planning, study strategies, and university adaptation
- Provided guidance on coursework, time management, and academic performance

Education

Korea University

Spring 2026 – Now

Visiting Student

Informatics (Computer Science) & Business School

Bina Nusantara University

2023 – Now

Bachelor of Computer Science

Computer Science Global Class

GPA: 3.97

Projects

Hypnos — Sleep Lifestyle Classification

Supervised ML models (Logistic Regression, Decision Tree, Random Forest) to predict sleep health from lifestyle data with performance evaluation and feature importance analysis.

OpenPath

Inclusive job search web platform with disability-friendly filters and full user authentication, built with HTML, CSS, and JavaScript.

Link: github.com/FrederickRyan/OpenPath

TangCare

A Tangerang-based charity logistics platform with real-time tracking and interactive mapping, built on Laravel, Livewire, and Leaflet.

Link: github.com/FrederickRyan/TangCare

Awards & Certifications

ICPC Asia Jakarta Indonesia National Contest — Bronze Medal

Oct 2024

International Collegiate Programming Contest (ICPC): Awarded Bronze Medal in a algorithmic programming competition

Alibaba Cloud Certified Associate — Cloud Engineer (ACA)

Jun 2025 – Jun 2027

Alibaba Cloud Certification: Earned ACA Cloud Engineer certification for cloud computing and Alibaba Cloud services
